

SPANDMEX

Intro

About Us

As the largest swimwear manufacturer in Mexico, we take pride in providing our customers with the best service possible and high-quality product to match. With more than 20 years in business, we continue to push the envelope every year, maintaining the balance between growth and stability. As we continue to open new doors and welcome new clients to our family, we strive to maintain the same level of quality and service to each and every collection we produce.

Our Full Package Service allows us to provide not only manufacturing capabilities to our clients but also an integral design and development process which encompasses all of the stages of creating a product, from the initial design, to the final delivery to your door. Our goal is to ensure that we provide a seamless one-stop-shop experience to our clients, including design, sourcing, manufacturing and exportation.

Pattern Making

Full Package Services

With state-of-the-art equipment and more than 10 years of experience working with international brands, our team has all of the tools to create competitive and compelling

collections. We work with both Gerber and Optitex in order to make our pattern making process more precise and efficient.

With production lines dedicated exclusively to sample making we are able to provide our clients with sample product

consistently throughout the year in order to support the collection building and sales processes.

Sample Making

Due to our vast network of suppliers in the swimwear market we are able to find any fabric or trim required in order

to produce the design each of our clients desires. Through working with the international market we have also developed NAFTA approved suppliers in order to make the exportation process more cost efficient.

Sourcing

Full Package Services

Using the newest technology on the market we ensure that every fabric is optimized to the maximum and cut with absolute precision.

Sublimation Printing

In 2017 Spandmex acquired top-of-the-line plotters and sublimation printers in order to provide sublimation printing services directly to our clients, no matter the size or needs of each project.

Full Package Services

In 2019 Spandmex will have the installed capacity to delivery over 2 million pieces of swimwear per year, and counting. With three factories dedicated to cut and sew in Jalisco and Morelos, Mexico, we are able to serve a wide variety of clients with efficiency and speed without ever sacrificing quality.

Fabrication

Full Package Services

Spandmex takes pride in offering the utmost quality to our clients. Each factory is equipped with a team of quality control experts.

Quality Control

Full Package Services

From the hangtag to the final box we can customize the packaging according to each client's specifications. Packaging services include but are not limited to: hang-tags, care labels, polybags, hangers, boxes, and much more.
